I love our computer,
I use it every day.
I surf the Internet,
For new games to play.

I upload photos,
And I chat with my friends.
I sometimes write an e-mail,
Then I click on send.

I love our computer,
I use it every night.
I like to watch videos,
And look at websites.

I listen to my music,
Do my homework too.
It helps me ...
With everything
I want to do!

2 Look, then ask and answer in pairs.

How often do you...?

Hello, I'm Cora and I'm eleven years old. I'm from Australia and I live with my family on a farm. There isn't a school near the farm. I stay at home every day and study at an online school!

The Internet

Every morning, I go to the school website and take a class with my teacher. His name's Brian and the lesson is 30 minutes long. There are five other children in the class. We can see Brian on our computers and we can talk to him and ask him questions.

E-mail

I study from 9 o'clock to 3 o'clock every day. Math and art are my favorite subjects. I do my schoolwork on the computer and send it to Brian by e-mail. I sometimes send e-mails to the other children in the class. They're my friends!

Books and DVDs

We read books to learn about math, science and the other subjects. Our school has a library with lots of different books. I send the librarian an e-mail and she sends me the books by mail. I really like science fiction and detective novels.

School clubs

There are music, art and IT clubs at my school. I'm in the art club. Every week, I paint a picture. I take a photo of the picture, upload the photo and send it to my art teacher.

Special days

Twice a year, Brian and all the children in my class meet in a big city named Melbourne. At Christmas, we have a big barbecue and a disco. In April, we have a sports day with swimming, track and field and soccer games.
